Full Moon in Aquarius Chart: August 22, 2021 This is the second Full Moon in Aquarius this year the first occurred last month on July 23, 2021. There could be a noticeable discrepancy between the demands of your personal life and what is expected of you at work. Others might find you particularly wise right now, and you are more generous with your time, energy, and money.

Transits of the Moon

Car and other transportation troubles, as well as computer glitches, miscommunications, and dealing with red tape, are more likely now than usual.

Transits of the Moon

Experimenting with something altogether-new is favored now. This is a good time to catch a break and get some perspective on your life. You may easily fly off the handle or simply jump into a situation without considering the consequences.

Transits of the Moon

A change of pace is likely.

Expat Dating in Germany

You might take a trip down memory lane—a pleasant, and perhaps wistful, one! This transit increases intimacy and improves relationships with others, particularly with women. You are braver and more decisive.

Transits of the Moon

It can be hard to stick to the facts and to remain clear-headed under this influence, so do what you can to avoid scheduling negotiations, test-taking, or contract-signing now. Plans may change direction unexpectedly.
