This is also to prevent countries that are either expanding their borders or have a large colonial empire like the UK and France, to snowball out of control when it comes to manpower. CEBU, Philippines — The University of Cebu UC has strengthened its partnership with a Japanese employer to help Japan fill in its 400,000 job requirements. It's main benefit is to secure factories and resources, not manpower.

Foreign Manpower and Occupation Policies

That's still quite an impressive number. That said, let's do the math.

Japan, Pakistan to ink MoU on import of manpower today

At present, UC is offering a six-month crash Nihongo language learning course, in partnership with Momotarokai. Something that seems way too little to me, but anyways that's not really what I am interested in.

Foreign Manpower and Occupation Policies

However, as the political situation in Nepal is relatively stable at present, the number of applicants for refugee status is expected to reduce in the coming years.
