Artwork — Anthony Benjamin

Light dirt and grime throughout; may benefit from light cleaning. Anthony was awarded an Italian Travel Study Scholarship in 1960. When in 1959 he was awarded a coveted French Government Bourse to study etching at S W Hayter's, renown in Paris, where some revolutionary new techniques of plate making and colour printing were being explored he took with him a copy of the recently published collection of Graham's poems titled The Night Fishing.

ANTHONY BENJAMIN Obituary

Anthony Benjamin

There seems little doubt that with these late paintings Benjamin fulfilled his own belief that. Benjamin's talent had been recognised by a senior member of staff, Norman Blamey, who was a fine draughtsman and teacher.

Anthony Benjamin Obituary (1961)

He was struck by the use of repeated flat geometrical shapes in many works, particularly by the strong impact and visual rhythm set up by the rows of saint's halos in 's 'Madonna in Majesty' in the Siena Duomo. Anthony had an aptitude for careful drawing, as well as an appreciation and understanding of the logical principals of three-dimensional construction, but the lack of creative possibilities frustrated him.
