Pablo Picasso: Keramiek/Ceramics by Titus M. Eliens

Daarmee geeft hij tot op de dag van vandaag een inspirerende impuls aan kunstenaars en een visueel geschenk aan zijn vele bewonderaars.

130 ideeën over Pablo Picasso keramiek

When he happened to meet Picasso at Madoura in 1963 he could barely contain his excitement. De belangstelling voor Picasso's keramiek is de afgelopen decennia enorm gestegen. The final plaque shape is the rectangle.

The Ceramic Plates of Pablo Picasso: A Master of Form

Picasso could explore this wonderful medium; the tourists could bring home a whole new category of souvenirs from their French vacation; and the local economy would get a much needed boost. These plaques have softer, smoother edges which Picasso takes advantage of as he works with the figures to fill out the plaque. The rectangular plate is longer on one side than the other and has two sizes, one at 39 cm x 32 cm and a larger one at 51 cm x 31 cm.

Pablo Picasso — Ceramics

Each speaks to Picasso as a person, and each exists in a truly unique way as no two themes are ever represented the same in his ceramic plates.

Richard Attenborough's beloved Picasso ceramics to go on sale
