### Newsday

It requires the FAA to respond to Members of Congress, local officials, and the impacted community. For example, we didn't calculate the emissions of Tesla or Amazon when calculating Musk's or Bezos' footprints. The permissible tailwind component for Runway 18 West is a maximum of 15 knots approx.

### Newsday

The DAA claims the figures are skewed by a significant number of complaints from a few individuals.

### Opinion: Bay Area must combat dangerous effects of airport noise

That makes it difficult for airlines to get early-morning flights off the ground, and plays havoc with courier companies using the airport for late-night cargo flights. FAA Response: The FAA works collaboratively with the Chicago Department of Aviation CDA to ensure accurate information is shared with the public. For evidence, they point to maps that depict how noise coming from the airport would increase if F-15s or F-35s replaced A-10s.

### Political newsletter

That means taking more steps to tell Boiseans the study is happening and doing a better job of notifying them, especially people who live near the airport, about meetings and other opportunities to get information and give opinions.

### New neighborhoods are being impacted by airport noise

Around 3,000 households close to the airport are entitled to benefit from this precautionary measure.
