Collectively, this work will promote a deeper understanding of a field that non-specialists often find elusive.

**The Oxford Companion to Politics of the World / Edition 2 by Joel Krieger**

Eighty-seven of the 672 articles in the Second Edition are completely new; most others are thoroughly revised.

Edited by a team of eminent political scientists, The Oxford Companion to Politics of the World provides readers with the depth of coverage, the historical contexts, and the richness of interpretation needed to come to terms with today's volatile international scene. In the post-Cold War world, globalization now offers wealth and opportunities on a broader scale, as well as greater international harmony, but threatens to reinforce the advantage gap between wealthy and poor regions and intensify environmental degradation.
