## Atlas of Exploration by John Hemming

From the daring Polynesian navigators who, more than 3000 years ago, first began to advance across the vast Pacific Ocean in dug-out canoes with only the stars to guide them, to the Victorian missionaries and adventurers who opened the way for European colonial expansion, to the scientists of our own time, with their sophisticated navigational and observational technology, explorers have tested their imaginations against an uncharted world. They are not actual photos of the physical item for sale and should not be relied upon as a basis for edition or condition.
