## Camping Memling Bruges Belgium

In the former chapel of the Hospital six paintings by Hans Memling are exposed. You have to follow a route and eventough its ,not crowdly now its still not really going forward. The more mundane and secular activities in the background, as evidenced by the image of the city crane used by the hospital to measure and fill wine barrels, place the altarpiece's spiritual vision in a worldly context.

## A Memling for Bruges: A 15th

It also takes up to 15 minutes to walk to The Halve Maan Brewery.

**This Hans Memling painting failed to sell at Christie's—now its owner has given it back to Bruges where it was painted over 500 years ago**

So having a depiction of a prominent Spanish family makes it very interesting, especially as it is by Memling, another prominent citizen of Bruges, and an extremely important artist. Catherine, depicts the enthroned with. LXXIX, The date gives clues to the identities of donors shown on the exterior panels; and because one died in 1475, scholars are confident in a start date before that year.
