## Design and Methodology Report

That said, it appears that knowing your tools, learning about the unique challenges of remote facilitation, and jumping in feet first is a solid approach to gaining new clients or convincing your existing clients to try remote workshops. The classic example is to present a respondent with a series of measurement items and two scales that rate the Satisfaction and the Importance of each item.

## Results

Some of the prospective residents do enjoy taking strenuous exercise, which is demonstrated by the fact that a small proportion of the people asked did want the developer to build a gym and aerobics studio. Facilitators are having to adapt too. It comes with an 18-page document that can be completely customized and edited on all versions of MS Word and Apple Pages.
