**Zeitlin Aaron, Used**

When I read the comments by viewers, totally moved by their deep love of her video, and esp they showed so much interesting on Chinese traditional cultures. My friends and I love to have ice cream during the summer months. Then, the mixture is thoroughly stirred with the dried ash, and the melted glue is added, stirred and tapped thoroughly, and placed in a mold for molding.

**Who is Li ZiQi ?**

We have no control over it, we just have to go with the flow.

**Brachot (Blessings) Before Eating**

Şalgam dolma are stuffed Russian turnips.

**Rumania, Rumania!**

This video is very popular among her female fans, the number of shares and comments reached a new high. For another variation a whole small squid may be stuffed with a bulgur and fresh herb mixture and baked in the oven.

**Manger, Itzik**

I would LOVE a tutorial on the bamboo water spout as well as a pattern for the beautiful light blue silk blouse in the photo above — it is the one with the Chinese frog closures.
