### Pet

Cinnamon oil may hold some promise to kill mosquito larvae before they hatch, but can be toxic at a high concentration. Those who live in dry, desert conditions could possibly grow the cajeput tree.

### 10 Natural DIY Mosquito Repellents For Your Dog

Research is beginning to show that palmarosa can be effective against mosquitoes for hours longer than most oils or oil blends. The smoke acts as its own repellent to mosquitoes, flies, and wasps.

### Ingredients for Making Natural Insect Repellents for Outdoor Plants

Drawn from the leaves and flowers of the litsea plant, litsea oil is widely available by itself or with other essential oils. Hope these tips are helpful for you. It is not particular to the amount of sun required, and could thrive in both full sun or part shade.

### Researching Natural Mosquito Repellents for Your Home

The convenient pump spray goes on easily without being sticky or oily, and it has a fresh lemon scent some people might enjoy.
