From archangel to senior crown (2008 edition)

The most interesting section details numerous unbuilt Blackbird iterations, many of which were meant to be armed. Graham tells the Blackbird's story the way only an insider can, from his recruitment into the program, all the way to the politics behind the Blackbird's retirement while he was the 9th SRW's CC.

Good luck, though, as they have sold out from the manufacturer and can only be obtained through a retailer who has them in stock! THE 1990S

Three significant books on the Blackbird appeared in the 1990s, basically due to an increase in interest coinciding with the brief return to operational service of the SR-71A.

From archangel to senior crown (2008 edition)

By the end of the 1980s, when the Blackbird program was nearing its first official end, the reference works available provided a great deal of insight into the YF-12A and SR-71 development and operational histories. On 20 August, the companies presented their final designs for Kingfish and the A-12.
