The Cromwellian Protectorate on JSTOR

In May 1660 the Council of State appointed Commissioners in the name of the Parliament to govern Scotland.

BBC

Rait, Acts and Ordinances of the Interregnum, 1642—1660, 3 vols 1911 , though superseding H. Ordinance of the Weekly Meal. Claims had to be lodged with named representatives, within 60 days of the proclamation of the ordinance.

List of Ordinances and Acts of the Parliament of England, 1642

In May 1660 the Convention declared Charles II the lawful King and invited him back to claim the throne. Those who could be excluded by this paragraph were Scottish MPs who had not signed the Protestation against the invasion of England in 1648, those men who sat in the Scottish Parliament or were a member of the Committee of Estates of Scotland after the coronation of Charles II in 1651 , or were in the Scottish army after the Battle of Dunbar on 3 September 1650 which included all those who had taken part in the Worcester Campaign.

1656

They had written a constitution for the Republic of the British Isles called the Instrument of Government. There was much opposition to the new constitution of the Humble Petition. Acts of 11 March 1649—50, 6 February 1650—1, and 3 June 1652.
