How to Make an Infographic in Illustrator

Now, select both the upper part of the sleeve and the path. Learn how to map the initial hair outline, add hair strands with stylised line art, create colour layers, and finally adapt each hairstyle to suit each portrait illustration or face shape.

Illustrator Class for Fashion and Apparel Design

You are able to reverse colors on geometric patterns creating positive and negative spaces that balance the overall pattern. The design consists of several shapes, each in different shade of green to give the logo additional depth.

ADOBE ILLUSTRATOR FOR FASHION DESIGN

This plugin is a relevant tool in the packaging industry. Reflect When creating the flat for a symmetrical garment, it of course makes best sense to draw only one half and then copy, reflect and join it to the other half to ensure symmetry is achieved.
