OSMRE AR Kentucky

Through this program amendment, Kentucky seeks changes to its administrative regulations that involve definitions pertaining to bond and insurance requirements. Through this proposed amendment, Pennsylvania is requesting to make changes to its regulations addressing four required amendments, one part not previously approved, and several program revisions submitted. As the SMCRA regulatory authority in Tennessee, OSMRE evaluated a petition that designated more than 67,000 acres as unsuitable for surface coal mining in FY 2017.

OSMRE AR Tennessee

Section 523 c of the Surface Mining Control and Reclamation Act of 1977 SMCRA or the Act and the Federal regulations authorize a State with an approved permanent regulatory program to enter into an agreement for the State regulation and control of surface coal mining and reclamation operations on Federal lands.

Office of Surface Mining Reclamation and Enforcement

The potential liability of an alleged violator is not affected by the holding that no pre-enforcement judicial review of compliance orders is available.

Mine Reclamation and Enforcement

This holding applies not only to orders issued once a violation is discovered, but also to the investigatory work necessary to determine whether a violation exists. Zippia's Best Places to Work lists provide unbiased, data-based evaluations of companies.
