In the case of references which are neither to persons nor to places, a description is seldom given, the assumption being that the man who consults an index knows what he is looking for and is capable of recognizing it when he sees it. In the United States various encyclopaedias have been published, but without rivalling there the Encyclopædia Britannica, the 9th edition of which was extensively pirated. There is no more potent cause of mental indigestion than a mass Principle of the Index.

Would we like to know Circle where we can pick up something to read occasionally for pastime rather than for study? Sutter 1803-1880 , who held a grant of eleven square leagues around the present site of Sacramento, whereon he built a fort. It is rife with exactly the kind of unexplained inconsistency and eccentricity that the editor makes a point of claiming to avoid.
