## The American Ceramic Society

ACerS seeks to foster an environment promoting the free expression and exchange of scientific ideas for its entire international community. Future directions are pointed out on the advancement on materials and forming mechanism for the fabrication of high-performance ceramic components. Kyiv is known for numerous historical places from 11th century that have UNESCO's status.

## Materials Today: Proceedings

This review focuses on the latest advances in the 3D printing of ceramics and presents the historical origins and evolution of each related technique. Materials Today: Proceedings provides the materials science community with a fast and flexible route to the publication of research presented at national and international scientific conferences in the field of materials science, technology and engineering.

## Home page

All papers must be original, and peer-review is mandatory. On behalf of the Organizing Committee, we cordially invite you to attend CMSE2021. Along with extensive research on the three-dimensional 3D printing of polymers and metals, 3D printing of ceramics is now the latest trend to come under the spotlight.

## The American Ceramic Society

The 10th Global Conference on Materials Science and Engineering CMSE 2021 will be held on August 1-4, 2021 in Kyiv, capital of Ukraine. Questions concerning the Ceramics Arts Network family of brands ICAN, Ceramics Monthly, Pottery Making Illustrated, CLAYflicks, and Ceramic Recipes, may be directed to.
