## Child Protective Services

The goal in preventing child abuse and neglect is to stop this violence from happening in the first place. Child and Family Services Administrative Rules explains and clarifies the law in greater detail and can be helpful to understanding more specific procedures.

## DCYF Policy Manual

A list of selected laws is included. The and provide access to the official public laws. Nothing in this guideline should be interpreted in a way that would be inconsistent with complying with those duties.

## Policies and guidelines

Preventing child abuse and neglect requires addressing factors at all levels of the —the individual, relational, community, and societal levels.

## DCYF Policy Manual

DSS helps families parents, guardians, or other caregivers build strength and support in different ways. If application is missing information, the CRC Unit office will return the entire background check packet so that the application can be completed and re-submitted. It also addresses the tribal share of title IV-E administration and training expenditures.

## Overview

A staff member will be immediately be suspended for a period of time without pay for any allegations of abuse or neglect towards any child.

## Policies

Choose the appropriate ORI and Reason as indicated on the CRC Application. The following resources provide additional information about federal legislation as well as state and tribal statutes. Help advocate for children and families in your community by letting your legislators know you support policies and programs that promote healthy child development and prevent child abuse and neglect before it happens.

## **Policies**

They should do so in the context of local and national priorities for funding and developing services, and in light of their duties to have due regard to the need to eliminate unlawful discrimination, to advance equality of opportunity and to reduce health inequalities.

## **Policies**

All documents have been saved in Portable Document Format.
