Concept of Sovereignty Revisited

On the other hand, the belief that sovereignty is a permanent feature of political life is nourished by a realist view of concepts, according to which classes of objects exist independently of our descriptions, and instead condition their possibility. This is the original creative and transforming social effect on the shared consciousness of humanity for which the linguistic sign must be credited, which has continued, unaltered, to this day.

The power of language in the making of international law (2004 edition)

As regards sovereignty, it is shown that Jean Bodin introduced the word in Six Livres for the purpose of having the French ruler enjoy supreme power in the hierarchical organisation structure of society.

The Power of Language in the Making of International Law: The Word Sovereignty in Bodin and Vattel and the Myth of Westphalia (Developments in International Law): Beaulac, Stephane: 9789004136984: metrics.learnindialearn.in: Books

These documents dealt with questions of religious toleration, territorial settlements, and the power to make treaties, but never with the kind of wholesale reconfiguration of the political order which we have been led to believe by so much modern scholarship.

The power of language in the making of international law (2004 edition)

It is likely to become a standard reference for all those interested in the recent debate on the problem of sovereignty.
