Uncas, Sachem of the Wolf People: The Story of a Great Indian Chief (1st Ed)

The Indian diet was a varied one; they ate deer, moose, raccoon, rabbit, squirrel, otter, and beaver. More than half of New England's towns were attacked by Natives.

Uncas, Miantonomo, and Historical Memory

Pharez Leete lived in the home his father rebuilt. Figure 6 should be of great help in illustrating this situation. He, therefore, first sailed down to the Pequot Thames River, and pretended to land at its mouth.

Mats and baskets were woven by the women. He built a house on the north side of Constitution Street, near the corner of Thames Street, which many readers of this book will remember; the old chimney, a most picturesque ruin, covered with creeping vines, was torn down to make a place for a modern dwelling-house only a few years ago.

Yet they manned another canoe with nine or ten men, which came to meet us, so I shot a ball also at it, and shot it through, and killed one of them. This stout old sea-dog found that all of Squanto's race had died of a pestilence probably smallpox and, therefore, delivered him to Massasoit, whose loyal subject he became, and with whom he was now living. By others, it is maintained that they were of the same blood, and when the early discoverers of America were searching the seacoast for gold, pearls, and a passage to China, the Mound Builders were constructing these curious cairns in many portions of the Middle West.
