This would have been a period of intense anxiety, as for a long time no information was given them as to their fate. It was not until three hundred years later that the common people were able to realise most of the political ideas for which Anthony Sedley fought in 1649, while true economic emancipation is yet to be achieved. Now the conditions for a genuinely egalitarian society exist and the aspirations of those courageous fighters can finally become reality.

The issue of interpretive charity is certainly real; but more immediately problematic is the task of conveying in our language ideas that originally were expressed in a quite different language.

## **Puritans**

At Abingdon the men would have no dealings with Scroop but agreed to parley with the other four officers. Haller, we may suspect, was right: without Puritanism there would have been no modern democratic theory.
