The Old Southwest flourished between 1830 and 1860, but its brand of humor lives on in the writings of Mark Twain, the novels of William Faulkner, the television series *The Beverly Hillbillies*, the material of comedian Jeff Foxworthy, and even cyberspace, where nonsoutherners can come up to speed on subjects like hickphonics. The humor of the Old Southwest flourished from the 1830s to the end of the Civil War in the sparsely settled frontier regions of Georgia, the Carolinas, Louisiana, and other southern states, with amateur humorists anonymously or pseudonymously publishing pieces written in backwoods vernacular in their local and regional newspapers. With their rural dialect, outlandish and amusing characters, and farcical situations, the letters proved extremely popular with readers and became a regular feature in the newspaper.
