**Books to Consider Weeding**

MUSTIE is an easily remembered acronym for six negative factors that frequently ruin a book's usefulness and make it a prime candidate for weeding:

**M** = Misleading (and/or factually inaccurate)

**U** = Ugly (worn and beyond mending or rebinding)

**S** = Superseded (by a truly new edition or by a much better book on the subject)

**T** = Trivial (of no discernible literary or scientific merit; usually of ephemeral interest at some time in the past)

**I** = Irrelevant to the needs and interests of your community

**E** = The material or information may be obtained expeditiously Elsewhere through interlibrary loan, reciprocal borrowing, or in electronic format.
