Reimbursement: of expenses This is for reimbursing business expenses incurred by employees. It concisely describes more than 150 species of snakes, both venomous and nonvenomous. Many of the species covered are also found in Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

On A Trail With Ants: Field Guide to Peninsular India

This Field Guide helps the reader identify some of the most common and endemic ants of Peninsular India, by understanding their behaviour and natural history.

Photographic Field Guide

India has a rich mammal fauna including elephants, rhinos and the much-sought-after Tiger, but there are many other species to be found there, many of them more conspicuous than the elusive Tiger. I especially liked the inclusion of IUCN status, Indian status, population estimates, best area to see the animal in, and social unit size, facts not found in every field guide.
