## Post

I was at the protest and so were most of my friends at uni. Some people think that young people in Britain are apathetic and don't care about politics.

## Political Culture

Hume interprets Bentham's reforms as essentially centralizing, as an attempt to reorganize the law to ameliorate social disorders.

## Victorian Political Culture

At this point, modern readers may feel chills run up their spines. Conflict can arise when people feel that society has gone too far in accommodating multiculturalism in areas such as employment programs that encourage hiring people from varied racial and ethnic backgrounds.

## The age of the individual must end

But the real driving force behind the surge is the whopping 46-point swing to Labour among under-25s. Acts of government intervention that are justifiable in terms of the resulting external economies include nationalization of key industries and state provision of welfare schemes. ## Collectivistic Culture

## Post

globalisation. They have been subdivided in many ways, they have borne countless different names, and their relative numbers, as well as their attitude towards one another, have varied from age to age: but the essential structure of society has never altered.
