The Jazz Ear: Conversations Over Music article @ All About Jazz

What an amazing read, listen to jazz through the ears of jazz wizards. Ratliff's interviews trace crossing pathways to new ways of listening to and enjoying jazz. She never performed publicly again, and she told so few people about her life in music that most of her factory coworkers and friends only discovered it from her obituary.

The Jazz Ear: Conversations over Music by Ben Ratliff, Paperback

He found the dark, almost violent Symphony no.

The Jazz Ear: Conversations over Music (Hardcover)

It's like, life should be awesome. Whether you're a seasoned listener or just discovering the form, Ratliff is a wonderful guide. During his tenure, he served on the Pulitzer Prize music jury four times, including for honorees Wynton Marsalis 1997 winner and Wadada Leo Smith 2013 finalist.

The Jazz of Physics: The Secret Link Between Music and the Structure of the Universe by Stephon Alexander, Paperback

The author of The Jazz of Physics, Alexander lives in Providence, Rhode Island. Copyright © 2008 Ben Ratliff. His report on the state of research into the structure and history of the universe - his own academic field - makes for compelling reading, as does his life story.
