### Picturing Progress

In this region, there was previously , , and , but these are now rarely heard except amongst very elderly residents. A: Attitudes on changes range from cultural erosion to enrichment Enquiry question 2: Why might regeneration be needed? There is a Race Equality Unit in the central government, and the 1976 Race Relations Act set up the Commission for Racial Equality that oversees over one hundred racial equality councils. However, official statistics can be used to consider whether barriers exist in which case differences might be divisive , or whether people appear to be moving freely, in which case differences could be argued to represent genuine diversity and choice.

### Picturing Progress

His son, the new king, in turn declared a Second Republic the first had been declared in 1789. In England two of the urban area types have the highest jobs densities, at 0.

### Social and Economic Impact of British Rule in India

We've seen Catholics and Protestants from Northern Ireland sit down together and discuss their shared hope for peace. The Communist Manifesto introduced two ideas that Marx would later expand upon in a much larger work called Das Kapital Capital.

### Rural Community: Top 10 Characteristics of the Rural Community

Clubs and societies offered mostly men a place to meet others with common interests. The Permanent Settlement benefited the landlords more than the government.

### Social and Economic Impact of British Rule in India

For the wealthy classes in 1820, the French Revolution was a nightmare they did not want to repeat. Although in the post-war era it became common to build large, boxy modernist apartment blocks, especially for public housing, suburban building continued in additional new towns, some

of which used the uniform, modernist styles.
