## George Santayana (Stanford Encyclopedia of Philosophy)

Nature does not establish a moral hierarchy of goods between animal populations nor between individual animals. As a public figure, he appeared on the front cover of *Time* 3 February 1936, and his autobiography *Persons and Places*, 1944 and only novel *The Last Puritan*, 1936 were the best-selling books in the United States as Book-of-the-Month Club selections.

## George Santayana

¿Por qué se mantuvo al margen de tantas lizas filosóficas? Situated in a particular place and time with heritable traits, all living beings have interests originating from their physiology and physical environment.

## George Santayana

La defensa que hace Moreno de la continuidad es, con todo, más taxativa que la de estos y otros intérpretes. La mejor introducción a su pensamiento es la lectura detenida de su espléndida autobiografía *Persons and Places*, publicada originalmente en tres volúmenes en 1944, 1945 y 1953, y en un volumen único en 1963. *The Sense of Beauty* 1896 is a primary source for the study of aesthetics.

## George Santayana — Wikipédia

Selon Santayana il est possible d'interpréter l'œuvre de Kant soit comme relevant de la métaphysique idéaliste, ce que fait Lotze, soit relevant de la métaphysique sceptique avec, derrière la subjectivité, un monde réel objectif inconnaissable articulé autour des catégories d'espace, de temps, de cause et de personne. This national faith and morality are vague in idea, but inexorable in spirit; they are the gospel of work and the belief in progress.

## **George Santayana**

And so they should, for with this identity Santayana removes the spiritual from the field of agency as well as from being an alternative way of living. He took over the governorship from the recently deceased José Borrás y Bofarull, who was the father of Josefiná Borrás, later to become Agustín's wife in 1861 and the mother of George Santayana.
