STATEN ISLAND RAILWAY

Burial ground established in 1820 on the outskirts of colonial Sydney to replace the earlier burial ground on George Street.

North Shore Railway [microform] : views of the chief engineer respecting his powers, under the contract, to change the line, grades, and plans during construction : Seymour, Silas, 1817

Lindsay a copy of the President's letter of the 9th November, in which the above, as well as several other equally offensive passages occur, in order that he might, if he wished to do so, furnish me with a reply which it would be proper to place, with the other correspondence before the Executive Committee and the Board of Directors ; and I have taken pleasure in placing with the Secretary, a copy of my letter to Mr. In some places where piers are completely swept away the spans remain in position, but there are two complete gaps in the bridge where piers, girders, plates and railway have completely disappeared.

Gordon Railway Station

From 31 October 1976 to 23 April or 24 May 1983 there was also a free connecting local bus service between Hull, QC. Lawrence and Hudson Railway Canadian Pacific lifts several shop tracks, the west runaround track and the wye in Walkley Yard, all industry sidings in Ottawa West and the wye track at Wamo in Hull.

Edinburgh and Northern Railway

This contains much of the Cauchon proposal although it did suggest that all rail crossings over the Ottawa River should be concentrated over a new bridge to be built in the area of Duck Island. The western side of the city underground line extended from Central Station towards the harbour, with work beginning on the excavations for Wynyard Station in 1927. So it was that early in 1844 a prospectus was issued for the Edinburgh, Dundee and Northern Railway, with capital of £800,000.

North Shore Railway : views of the chief engineer respecting his powers, under the contract, to change the line, grades, and plans

during construction (eBook, 1875) [metrics.learnindialearn.in]

Keith, of Chicago ; which resulted in a proposition on their part, to construct and equip the road upon the basis above referred to ; which proposition was afterwards accepted by the Railway Company.
