Soledad, California

When most kids wanted to go to Disney World, I begged to go to Venice so I could ride one of those gondolas.

Soledad Pastorutti

My teacher at the time, Mr.

Soledad

When she gave me something, I would take it to avoid arguing with her. If you were in a coma you wouldn't be listening to everything I say like you do. There are more cops on the streets than fire hydrants.

Soledad, California

As she tries to tame her cousin Flaca's raucous behavior and to resist falling for Richie -- a soulful, intense man from the neighborhood -- she also faces the greatest challenge of her life: confronting the ghosts from her mother's past and salvaging their damaged relationship. My mother has lost weight. They create distance with everyone who is not included.

Magnitude 4.3 quake near Soledad, Calif.

Dodie Bellamy San Francisco Chronicle A vivid, breathing cityscape teeming with raw beauty, danger, and magic. Flaca had shared her first secret with Olivia.

Soledad (2014)

The best character in my opinion is the sagely lesbian friend Caramel, who helps Soledad accept who she is and where she comes from. Two years later, she's an art student at Cooper Union with a gallery job and a hip East Village walk-up.

Salinas Valley State Prison (SVSP)

As if Soledad knew Gorda had to be held back, Soledad came out from underneath the bed and grabbed onto Gorda's ankles and said, I got you, Tía. Obviously you and Abuela have everything under control. How does it affect the way you view the different generations of the family? My grandfather, Don Fernando, flexes every weak muscle in his body to push the button on the motorized wheelchair so he can inch closer to the bed.

Soledad (2014)

I'll leave you just like Soledad left Tía, I tell Mami that and sometimes it shuts her up, and other times it just make her chase me with a belt. This makes the more hallucinatory elements of the novel believable when they arise.
