Keynesian Fiscal Stimulus Policies Stimulate Debt

He considers four subsectors in the tradable-goods sector agriculture, mining, petroleum refining and manufacturing and four subsectors in the nontradable sector construction; wholesale and retail trade; transport, storage and communications; and residential real estate.

The Lebanon, natural gas and local political equilibria

Giuseppe De Marzo is Speaker of the Promoting Committee, Italian Greens, Ya-Basta! The general notion that windfalls from transitory resource booms should be invested in activities that permanently sustain higher rates of economic activity is examined in Sachs and Warner 1995 and was the general thrust of the Alberta Heritage Fund, created in 1976 by then-premier Peter Lougheed.

Macroeconomic Policy and Poverty Reduction

Geological Survey's Earthquake Hazards Team in Menlo Park, Calif. Some have tried, but their economies continued to underperform stubbornly, nonetheless, while their government debt burdens continued to rise.

1980s oil glut

Research into the potential impacts of an increase in solar UV-B radiation to plants has centered on the effects on plant growth and physiology under artificial UV-B irradiation supplied to plants in growth chambers or greenhouses.
