## Liber Amicorum Louk Hulsman Social Problems And Criminal Justice ebook

Louk Hulsman portò avanti il suo pensiero coerentemente sino all'età di 85 anni, battendosi instancabilmente in favore della riforma del diritto penale in senso abolizionista. Policies, such as the virtual abolition of custody for young offenders in Italy, are presented and the area of informal justice is also addressed, with an overview of mediation and compensation practices, and an assessment of the degree of their effectiveness and desirability. How can these apparent contradictions be so? È in questo senso che l'abolizione formale della giustizia penale dovrà essere legittimata.
