He has a private practice where he sees children, adolescents and families. This chapter was written by Sylvia Rimm 2008. Although educators argue th I read chapter 8: Underachievement Syndrome: A psychological Defensive Pattern pp.

## **Books**

The handbook is intended as a scholarly resource for practitioners and trainers in psychology and closely related human service fields who work with children, adolescents, and families. I created the website to inform the public a little about myself professionally. Sample topics include: Approaches to screening and assessment, including IQ and other tests The gifted child's social world, from peer relationships to gender issues Special issues of gifted but disadvantaged students Problems and interventions specific to families with a gifted child Career counseling, planning, and mentorship This volume is an essential resource for anyone working with gifted and talented children, including clinical child and school psychologists, educators and other allied professionals as well as child psychiatrists, family therapists, social workers, and pediatricians and other healthcare professionals.
