Annotated bibliography — Climate

Outlines the climate science on how climate change will impact sport in Australia and globally.

climate change, population, SRHR

As part of a triple bottom line decision making it was greatly skewed to social sports club outcomes, and largely ignoring informal active recreation, above the economic and environmental impacts and factors. The continuous leaching of these chemicals from the crumb rubber to the runoff water was simulated at lab-scale, as well. These programs develop and approve standards and criteria for offset credits, review projects against these standards, and have registry systems that issue and manage offset credits.
