These six lawsuits shaped the internet

A huge temporary camp of workmen, engineers, geologists, and other experts was established. My brother Foster's penchant for finding holes in statutes reminds one of the story told by an ancient author about the man who ate a pair of shoes. There are many arguments on both sides, so there will be much work to do no matter which verdict you chose.

Legal Positivism

In this endeavour it is clear that law-making must be animated by moral concerns, especially the challenge to excellence.

Did not have a chance to do the new student chat tonight at 5:40pm.

The Case of the Speluncean Explorers: Nine New Opinions

Fortunately, our Commonwealth is not bothered by the perplexities that beset the ancients. Two items I did not have to hand when writing this paper, which are especially relevant to Fuller's conception of customary law, were: Lon L. Still, if this is so, why is it that we of this Court so often discuss the question whether we are likely to have later occasion to apply a principle urged for the solution of the case before us? If I had my way this would not happen, for I would adopt the sensible course of sitting down with the Executive, going over the case with him, finding out what his views are, and perhaps working out with him a common program for handling the situation.

However, this should not be taken as my final word on the subject; rather, it represents my first tentative examination of the richness and vitality of Fuller's thought. STOP TOUCHING YOUR FACE THIS IS SO HARD.

[Paleopsych] Lon L. Fuller and the Enterprise of Law

According to legal positivism, law is synonymous with positive norms, that is, norms made by the legislator or considered as common law or case law. If so, the argument runs, legal theories cannot explain disagreement about the grounds of law, that is, about the conditions of legal validity.
