A specific blue will appear different next to a yellow or next to green or red or any other color, as if the colors in the space between our eyes and the canvas, in that space filled with the substance of air, intermixing, subtly change. Blick carries a wide variety of coloring books for grown-ups, including ocean scenes, Zentangle and other patterns, and outer space. Color hides a power still unknown but real, which acts on every part of the human body.

Dozens of Facts About The Power of Color

It helps awaken mental inspiration and stimulates higher mentality. Orange shows new possibilities and other options in life. Red is the chosen color to raise awareness about Heart Disease, and the color yellow stands for Americans supporting our troops.
