Delta Making Waves

Mantella and Provost Maria Cinitile AWRI director featured on national television morning show for expertise on climate change and Lake Michigan erosion Alan Steinman, the Allen and Helen Hunting director and professor at the Annis Water Resources Institute in Muskegon, was featured on Good Morning America April 22.

CAP Bay Area

With this regional shift, CAP Bay Area is and will remain an integral program for Making Waves, positively supporting the lives of hundreds of young scholars. These students will continue to take full advantage of the coaching and scholarship support that CAP provides and participate as lifelong alumni of our community. We currently have more than 300 students enrolled in college from this program with an intended program end date of 2025.

Make waves

I highly recommend Making Waves to anyone, you will not regret it!!! A silly game of Marco Polo.

Making Waves Salon and Spa

Following an early track record of success serving students from Making Waves, CAP saw the need and potential to serve even more students throughout the Bay Area. One student - one instructor, and an indoor heated pool.

Making Waves: New Romanian Cinema

They are the barbarians at the gate we have to stand against.
