## CiteSeerX — Copyright and Archival Collections of Sound Recordings

Copyright Office website The Copyright Office website makes available electronic registration of claims to copyright through its eCO electronic Copyright Office system. <sup>3</sup> The Paris Convention is an international convention for promoting trade among the member countries, devised to facilitate protection of industrial property simultaneously in the member countries without any loss in the priority date.

## United States Code/Title 17/Chapter 1/Section 104

<sup>3</sup>The UCC was developed by United Nations Educational, Scientific and Cultural Organization as an alternative to the Berne Convention for those states which disagreed with aspects of the Berne Convention, but still wished to participate in some form of multilateral copyright protection. <sup>3</sup> The patent system of intellectual property rights denies property rights to local and indigenous knowledge, practices and innovations. A patent application filed under the PCT is called an international application, or PCT application.

## 106 results in SearchWorks catalog

This new law applies only to sound recordings fixed and published on or after February 15, 1972. In addition, the website also provides a means of searching copyright registrations and recorded documents from 1978 forward. December 1, 1990 Effective date of the Computer Software Rental Amendments Act.

## U.S. Copyright Office

Subsection f3 directs that a voluntary license agreement shall take precedence over the determination of a CARP on the same matter.

## 106 results in SearchWorks catalog

It was considered a provisional agreement that would be replaced once the ITO became operational to take over its functions. Moreover, those who authorize copying by transmission have no inherent incentive to identify works on which they must pay royalties.

#### **Records of the International Conference of States on the Protection of Phonograms, Geneva, October 18 to 29, 1971**

Statutory licenses are issued for secondary transmissions by cable systems; for making ephemeral recordings; for secondary transmissions by satellite carriers for private home viewing; and for secondary transmissions by satellite carriers for local retransmissions. Works copyrighted between January 1, 1964, and December 31, 1977, automatically renewed even if registration not made.
