ANGEL

It also allows Li Zhao to construct different atmospheres for the reigns of recent history by choosing which events to linger over or to skip entirely. The survival rate for Tang stories about supernatural, mysterious, or romantic events appears to have been much better than that for historical miscellanies, for some obvious reasons—the former had more exciting material, for one, but also because as time passed, gossipy stories about emperors and officials of recent reigns, unless they were thickly reinscribed in later histories, lost their appeal for readers of the Song and subsequent dynasties. If you rely on filler words in your native language, then you need them even more when you speak a foreign language.
