Stand Magazine

Since his death, Wright has developed a cult following, transforming him into a seminal writer of significant influence. He wants to throw the cake in the face of poetry, but then eat it sensuously off her lips. This collection shows the progression of his work, and led me to discover some new favourites in addition to the ones I already liked.

Collected Poems

The skin of his poetry was apparently impervious to those cosmic rays beaming at every writer in that period.

Collected Poems (1942)

This book amused me, made me think, even inspired me to write again after a very dry period in my own poems. He died a few months later in Calvary Hospital in the Bronx. What a wonderful discovery John Betjeman's poetry is! Among these were Bayard Taylor and James T.

Collected Poems by John Betjeman

The Norton Anthology of Modern and Contemporary Poetry. Edited, with an introduction by Robert Giroux.

Marge Piercy

I like how he writes about big and sporty women, his teddy bear, parts of London I know and he beautifully describes Cornwall and its coast. This work is in the public domain in the United States of America, and possibly other nations.
