Billy Mitchell

It seems to me he was a controversial man.

Heroes Of The Sunlit Sky. Arch White House. 1967

In 1913, as a Captain, he testified before

Congress, stating that the United States lagged behind in military aviation. Fallbrook, CA: Aero Publishers, Inc.

Hero's of the Sunlit Sky by Arch Whitehouse

He was always blunt and outspoken in his advocacy of airpower. Hi, Barrett, the only person who considered Arch Whitehouse an ace was Whitehouse himself, and those who believed him.

Arch Whitehouse

He continued to criticize the War and Navy Departments for their handling of aviation. In 1921, he made headlines when his airplanes sank a naval target, the Ostfriesland, a German battleship that was not moving, not firing anti-aircraft, nor defended by fighter airplanes.

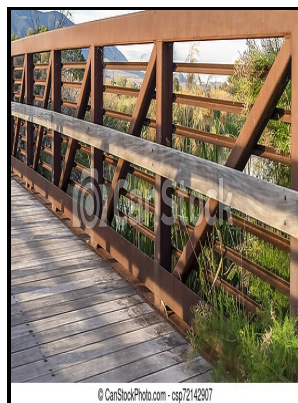

Lafayette Escadrille Pilots

Wonderful original period photos, including two of Albert Ball that I have never seen elsewhere.

Heroes of the Sunlit Sky

He learned as much as he could, first-hand, about the modern airplanes.

Maybe the explanation lies in the fact that the Netherlands remained neutral in 14-18.

Next Clyde Balsley was hospitalized with a leg injury. One of the most famous was the Lafayette Escadrille, which started in April, 1916 as the Escadrille Américaine.
