24 Survival Skills for Kids to Teach Them ASAP

For those looking to become fully immersed in survival skills, naturalist studies, and earth-based resilience, check out for a nine-month transformative experience. The jam-packed year will cover a vast array of skills including making tools, cordage, baskets and shelters, gathering and preparing foods, and fire safety. But you never know when these skills could come in handy.

Knowing the basics of sanitation can help keep you healthy during a time when germs are rampant.

32 Survival Skills Your Child Should Know and Be Able to Do ASAP!

I highly recommend it for anyone, whether they want to pursue a career in the outdoors - or simply want to learn how to take care of themselves in the event they have to. Good personal hygiene habits will go a long way toward preventing infection in a survival or long-term SHTF situation. Also tell them how to find help, who to trust, such as uniformed people, especially fire, police and military or if they are in trouble in a store, to ask a woman with kids with her for help instead of someone else.
