Legacy Inn in Grenfell

And for the first time she wipes away a tear herself. In a Commons statement, he is expected to promise help for leaseholders who have been unable to sell, re-mortgage or insure homes since the in June 2017. Usually, it does so in a monstrosly phlegmatic manner: the pensioners who die early of preventable diseases, the teenagers who drop out of education, the disabled people left to suffer the symptoms of physical and mental illness with nobody to care for them, the thousands who have died on the waiting lists for state benefits that they are perfectly entitled to, the parents whose pride disintegrates as they watch their children go to school hungry.

It is well known that the cladding wrapped around the exterior walls of Grenfell Tower was highly combustible and contributed significantly to the loss of life that night.

The Grenfell legacy

After the fire at Grenfell Tower half a mile away in June 2017, the basement kitchen had become recognised as the heartbeat of the local community, as it tried to cope with the ongoing aftershocks of the tragedy in which 72 people died. Inmeasurably better than one hundred years ago when we were still slugging it out in the trenches of the first world war.

Grenfell legacy is a tough issue for homeowners

Their plight is no longer front page news across the national press each day.

Grenfell's legacy should be real community control

Because most new homes are built speculatively and the customer is not involved in the process of construction, there is a very strong incentive by developers to cut corners.
