intelligence. Compute: Discover the compute options in Google Cloud 4. Before this, he started the infrastructure vertical and developed the industrial area and solar power projects, over the past 7 years.

Education

He does not just want to sharpen his skills and rest on his laurels alone, but is keen on sharing his knowledge and continuing the tradition of excellence by teaching budding artists. Deeply inspired to walk in the shoes of her grandfather, Purushottam Agrawal, she feels that respecting diversity can restore balance in the world. He now leads Gencrest, a biotech research venture with operations in India and abroad and is also involved with its Mining and Infotech verticals.
