## Foresights: Self

Morrison Formation in Colorado via Flickr The Badlands aren't the only spot in North America where paleontologists have found dinosaurs.

## Fore

Remember, if it can be done, it will be done. The development of new medicines relies on statistics to make sure the drugs are safe and effective.

## Foresights: Self

The involvement of mathematics in these exciting developments tends to get lost.

## Fore

As evidence, I am going to show you applications to politics, the law, kidney transplants, supermarket delivery schedules, Internet security, movie special effects, and making springs. Their Social Equity Franchise Program helps tenured Everytable employees open their own franchise locations through free training and assistance in securing low interest loans to finance the store. Foundations like these are required to give away a small portion of their endowments every year on causes aligned with their missions.

## Fore

Early enterprise applications include logistics and supply chain to name a few. High Speed Analytics using advanced cloud services will increasingly be used as a complement to existing information management systems and programs to tame the massive data explosion.

## Fore

Surveyors and navigators needed trigonometry as well. We will continue to see the virtualization of processing power, allowing mobile devices to access supercomputer capabilities and apply it to processes such as purchasing and logistics, to name a few.
