## Reconstruction:Proto

It is not a valid use of technical linguistic terminology.

## Proto

Each theory is derived from the definitions of elements or characteristics of language that are of interest to the individual. Handbook of North American Indians: Northeast.

## Reconstruction:Proto

The definitive intellectual biography of Sapir, covering not only his personal life and passions such as poetry and music , but also his many obstacles and professional successes, as well as the many dramatis persona he encountered along the way.

## Reconstruction:Proto

It is easy to see how stereotypes may be created and reinforced.
