How I Can Join: Sign up on the email list and learn more about career opportunities. Women hold only 22 percent of national parliamentary positions globally.

### International Women's Day: 50 Who Made US Political History

With that hard work and success, experienced attorneys find that newcomers assigned to them as subordinates approach them with respect because the newest attorneys realize what it takes and what it took for their assigned superiors to have reached the top. Religious traditions dictate that women should have limited roles in the public sphere, thus women who wish to be elected face a different set of obstacles than their male counterparts, especially if they are running as part of a religious party. As a condition for getting the job, Merkel was told she would need to agree on her colleagues to officers of the.
