## 15 Strange Cat Behaviors Explained

I mean, we now have evidence that , with fellow felines, and on some occasions,. Put a cone collar around her neck if she won't leave it alone.

## What's That Musky Odor Coming From My Cat?

Why Does My Cat Sleep On My Head? If your cat isn't back on her feet after the first two days, then it may be time for a trip back to the vet. A cat could even lick the used pipette if we are no careful after application. Why do they revel in so much? I must know...your cat might be wondering while swatting those paws and meowing loudly.

## 10 Strange Cat Behaviors Explained

One of which was a very fine line of cotton wrapped around the underneath of a cats tongue and down the back of the throat. A lot of people would worry if their cat stops eating, but an increase in appetite could also be a sign of a sick cat.

## 10 Strange Cat Behaviors Explained

Since my cat was a canned food only cat his gums had gotten kinda swollen and the vet said the chewing thing he was doing was probably because it felt like something was stuck in his teeth. There's a couple of things this could be, especially given age. Another speculated theory behind this is that , and your head is less likely to move while they are sleeping...unlike your legs or arms.

## My cat is weird : cats

Behaviorists have many theories about why your kitty insists on doing this.
