Phenomenon in which something a person has learned at one time affects how the person learns or performs in a later situation. Essentials of educational psychology 2 nd Ed, pp.

## Other Educational Materials

About Us Intergroup Resources is an online resource center that seeks to strengthen intergroup relations for social justice by sharing materials, tools, and lessons learned from organizers around the United States. Stewardship in business Businesses are not just accountable to the investors, but emphasis should also be put on the stewardship of the wider society.

## **Servant Leadership Guide: Definition, Qualities, Pros & Cons, Examples**

Lev Vygotsky proposed that social interactions with more knowledgeable partners can aid in learning and even accelerate cognitive development. In essence, servant leadership is something innate — the wish to serve is not something you instill on yourself, it is a feeling that comes from within. It can create a conflict of interest between the values and objectives of the employee and the organization.
