### Report Title

Quick reference Chinese: a practical guide to Mandarin for beginners and travelers in English, Pinyin romanization, and Chinese characters. Marxist theory predicts that as capital squeezes out competition, the workers will become poorer and poorer, while Dewey argues that the workers will come to fare better and better as a result of competition. The following several works index writings and records of oral teachings in the Neo-Confucian school of the Ch'eng brothers and Chu Hsi.

### Xuyun

As the rhythm of the Chinese poems is totally incomprehensible to those unfamiliar with the sound pattern and tonal variations of the Chinese language, a knowledge of Chinese prosody might have contributed to Snyder's use of syllabic count and stress patterns in some of his short poems.

### I. Guides to the State of the Field

Snyder subscribes to the theory that a poet is a medium through whom other voices or spirits would distill and speak.
